

BOBBINS

EF-BOBFB & EF-BOBRB & EF-BOBNOB & EF-BOBYB & EF-BOBFPL & EF-BOBPOPB

Application:

Used as guide/support for running of electric fence cabling

Key Features

- Available in black & white
- Fireproof porcelain bobbin only available in white

PORCELAIN INSULATORS

	BOBBIN – PORCELAIN [EI-BPFL] <ul style="list-style-type: none">• Fireproof and long lasting• Large design to reduce power loss• Available in boxes of 10 units [EI-BPFL10]	
	STRAINER – PORCELAIN [EI-STFP10] <ul style="list-style-type: none">• Fireproof and long lasting• Large design to reduce power loss• Suitable for long runs• Can withstand high tension• Comes in a box of 10 units	

PLASTIC INSULATORS

	<p>ROUND BAR INSULATOR</p> <ul style="list-style-type: none"> • Available in black (EI-BRBB) and white (EI-BRWB) • Used with the 10mm roundbar • Flexible inner core for increased clearance 	
	<p>FLAT BAR INSULATOR</p> <ul style="list-style-type: none"> • Available in black (EI-BFBB) and white (EI-BFBW) • Quick fit clips on the top and bottom for faster installation • Feed through clip option built-in • Easy to change and maintain 	
	<p>NAIL-ON INSULATOR</p> <ul style="list-style-type: none"> • Available in black (EI-NOB) and white (EI-NOW) • Large clips for heavy duty applications with thicker wires • Larger clearance to eliminate power leakage 	
	<p>Y-STANDARD INSULATOR</p> <ul style="list-style-type: none"> • Available in black (EI-YB) and white (EI-YW) • Quick fit design – easy to replace when required • Suitable for Y-standard brackets • Anti-climb shear pin 	
	<p>OMEGA INSULATOR</p> <ul style="list-style-type: none"> • Available in black (EI-OB) • Double-tracking fin to reduce tracking and arcing • Quick fit design for the Omega bracket • Anti-climb version available (EI-OB/C) 	
	<p>OMEGA PULL THROUGH INSULATOR (EI-BTL2)</p> <ul style="list-style-type: none"> • Heavy duty and durable design • Large clearance distance to reduce power loss and arcing • Black only 	
	<p>PICKET INSULATOR</p> <ul style="list-style-type: none"> • Available in black (EI-PI) • Used with Nemtek Y-Picket • Double-tracking fin to reduce tracking and arcing • Quick fit design clip 	
	<p>POP THROUGH HOLE INSULATOR</p> <ul style="list-style-type: none"> • Available in black (EI-POPEM(B)ULT) and white (EI-POPEM(W)ULT) • Secure through insulator • Larger clearance distance to reduce power loss and arcing 	
	<p>STRAIN INSULATOR – JUMBO</p> <ul style="list-style-type: none"> • Available in black (EI-STB/J) and white (EI-STW/J) • Suitable for fences using up to 2.0mm wire • Larger clearance distance to reduce power loss and arcing • Suitable for low- to medium-tensioned fences 	
	<p>STRAIN INSULATOR – ULTRA</p> <ul style="list-style-type: none"> • Available in black (EI-STB/R) and white (EI-STW/R) • Suitable for fences using up to 2.5mm wire • Larger clearance distance to reduce power loss and arcing • Suitable for medium-tensioned fences
